

Contemporary Tumbler Pillow

Pattern by Katrina Holmberg on behalf of Craft Warehouse

Supplies:

Please read through all instructions before beginning.
Use ¼" seam allowance throughout.

Supplies:

- ◆ 1/2 yard of main fabric or 2 fat quarters
- ◆ 1 solid color fat quarter
- ◆ 2 1" buttons, Velcro or snaps
- ◆ 12" x 16" pillow form
- ◆ 5" tumbler template
- ◆ Thread to match main fabric.

Directions:

1. Cut 11 tumblers from your main fabric.
2. Cut 9 solid color tumblers.
3. Sew two rows of 7 tumblers, alternating main-solid-main-solid-main.
4. Sew one row of 7 tumblers, alternating solid-main-solid-main-solid.
5. Sew the solid-main row in between the main-solid rows.
6. Trim the pillow top to 13" x 17". Set aside.
7. Cut 2 rectangles, each 17" x 9½" from the main fabric. On one long edge, press a slightly less than 1" fold. Fold over again and press. Repeat with the other piece.
8. Stitch button holes and buttons, Velcro pieces or snaps about 6" in from each side. Refer to photo below. If the pillow back doesn't measure 17" x 13" when it's fastened together, trim it to this measurement. Leave the pillow back unfastened. With right sides together, match the edges of the pillow top to the bottom. Pin and stitch the pillow together.
9. Turn right sides out. Press. Insert pillow form and fasten the back opening.
