Cutting Instructions

Bear: Face, snout and ears from BW Brown. Inner ears from Straw.

Skunk: Face and ears from black. Stripe and inner ears from Smokey Marble.

Bunny: Face and ears from Toffee. Inner ears and nose from Coral

Giraffe: Face and outer ears from Banana Cream. Horns, nose, and spots (cut at random) from Pumpkin Spice. Inner ears from Straw

Tiger: Face and ears from pumpkin spice. Stripes and whiskers from black. Inner ears from Straw.

Koala Face and ears from Smokey Marble. Inner ears from straw.

ALL CRITTERS: Cheeks (big or little, up to you!) from pink. Eyes and noses (unless noted above) from black.

Directions

Each Critter starts the same. Paint all pennants white or ivory. Glue the face, eyes, cheeks and nose in place.

Add stripes, spots, etc for the critters who need it.

Glue the inner ear into the outer ear, lining up the flat edge. Pinch the flat edge of the ear, matching the dotted lines, and place a tiny drop of glue inside the pinch to hold it. Fold the pinch to one side and glue the bottom edge of the ears to the back corners of the pennant.

Lay out ribbon, space the top edges of your pennants along the ribbon and glue in place.
