

## MINI 60 DEGREE TRIANGE TEMPLATE MUG RUG

Use a 1/4" seam allowance.

Cut 3 triangles from each color. Sew them together, alternating colors, in groups of 3.

Sew the 2 groups together to create your block:

Layer backing, batting, block and quilt as desired. Trim layers evenly and bind.

OR

Layer block and backing with right sides together, backing on top of the backing, trim layers. Stitch around 5 sides, turn right sides out and stitch the last side closed by hand.
