Directions:

1. Stain wood board & hoop with gel stain. (designer tip: We like to use this stain because its non-toxic and dries evenly by just rubbing the gel on with a foam brush)
2. Once it's completely dry, glue scrapbook paper with glue stick to the back of the board, you may need to trim the paper an inch or so.
3. Cut out letters with die cut machine, alphabet die cut and foam.

4. Using glue gun, glue pieces of garland to the bottom right side of the hoop.
5. Wrap around jute string to hide glue and tie in a knot.
6. Glue Hoop to the inside of the frame using the glue gun.
7. Add Letters that say Welcome to the middle of the hoop on paper.
